

Phase 1 — Bla bla bla

Phase 2 — A Phase

This is just some random text...

...**Phase 2.1** — A Sub-Phase (with label)

And some more random text. But this time, I'd like to refer to this phase by setting a label.

...**Phase 2.2** — A Sub-Phase

Phase 3 — The Last Phase (with label)

In this paragraph, I'd like to refer to the label I've set in the first sub-phase and the last phase;

Phase 2.1 and 3 contains...

It should print and it does!

Phase 2.1 and 3 contains...
